Report from EDC-VC Board Advisor Ventura County Coast, on the Region’s Hospitality, Trade & Tourism Sector
Stenslie introduced Marlyss Auster, President & CEO of Ventura Visitors & Convention Bureau and Adriana Huizar, Executive Director of Visit Camarillo who will both be sharing information on their cities’ and the region’s activities in promoting tourism.

Stenslie provided an overview of the data, noting that Leisure and Hospitality is one of Ventura County’s largest industry sectors, with more than 38,000 jobs, or 11.5% of all payroll jobs in the County.

While not among the highest paying or in generation of local GDP, the sector is critical to the region’s overall competitiveness, in terms of quality of life and relative to the attraction and retention of both businesses and workers.

Stenslie noted that while the sector is one of our two fastest growing sectors, along with Health Services, the comparative data shows that there is opportunity for the sector to grow, in terms of jobs, tourism spending and infrastructure, without the region becoming overly dependent on the sector.

Adriana Huizar and Marlyss Auster provided overviews of their work, focusing on the region’s assets, strategies for growing the economy and enhancing regional quality of life. Following extensive discussion, Chair Heitmann thanked them for their work and for presenting to our Board.

Administration:
Consideration of a $279,032 Contract with First 5 Ventura County, $29,032 to EDC-VC for Administration of the Community Investment Loan Fund, $250,000 in Loan Capital, for the Period July 1, 2017 through June 30, 2018. Recommendation to Approve.

Stenslie informed the Board that the Ventura County Children and Families First Commission (First 5 Ventura County) was created by the Ventura County Board of Supervisors pursuant to the Children and Families First Act of 1998 (sometimes called
Prop 10). The purpose and mission of First 5 Ventura County is to promote, support, and improve the early development of children from the prenatal stage through five years of age. The Commission is funded by an annual allocation of tobacco tax funds, as established by Prop 10.

In 2009, First 5 Ventura County established its “Community Investment Loan Fund,” the intent of which is “to increase the capacity and infrastructure of programs serving young children and their families . . . through affordable, accessible capital for the development and maintenance of quality child care and preschool facilities for Ventura County’s children.” Following a competitive selection process, EDC-VC was awarded the contract for the management of the loan program.

The recommended action today is to continue the program through June 30, 2018. First 5 Ventura County is also scheduled to act on the recommendation at its meeting today.

As noted in the recommendation, our cost for operating the program is $29,032, up by about $500 from the prior year, essentially even with our average years’ expenditures since launching the program. Our administrative expenses are for business outreach and technical assistance, loan underwriting and the servicing of the portfolio. The technical assistance component of this contract is considerable and is augmented by our Small Business Development Center resources, which makes the project feasible.

The agreement this year includes a loan capitalization of $250,000, which is the balance remaining in the loan pool, set at $1.3 million total.

Six loans from First 5 funds are currently open or approved and pending distribution, totaling $1,196,868, successfully leveraging an additional $468,132 in other loan funds, for a total of $1,665,000 loaned. The fund is extraordinarily cost effective, creating 318 new child care slots—including 107 in the high value/tight market space for infants and toddlers—and creating 52 new jobs.

Chair Heitmann asked for a motion that the Board of Directors approve a contract with the Ventura County Children and Families First Commission (First 5 Ventura County), for the period July 1, 2017 – June 30, 2018, for $279,032, of which $29,032 is for EDC-VC’s administration of $250,000 in new loan capital for the Community Investment Loan Fund and delegate authority to the President/CEO to sign contract agreements, subject to legal review.

John Procter motioned to approve a contract with the Ventura County Children and Families First Commission (First 5 Ventura County), for the period July 1, 2017 – June 30, 2018, for $279,032, of which $29,032 is for EDC-VC’s administration of $250,000 in new loan capital for the Community Investment Loan Fund and delegate authority to the President/CEO to sign contract agreements, subject to legal review. John Zaragoza seconded the motion. All board members listed in attendance in favor, motion carried.

Report to the Oxnard World Trade Center on Regional Food and Agriculture Export Economy
This item was deferred for lack of time and will be brought back to the Board at the June 2017 meeting.

Update on California Stewardship Network Activity, Development of Economic Indicators Project
Stenslie stated that supported in part by our participation in the California Stewardship Network, our 2017 work plan includes the development of a Quarterly Indicator Report.

By several measures—job creation trends, local GDP, annual average wages—the data
shows we are falling behind our region and the state. While the data seems clear, much of our local leadership appear unaware of this negative trend.

One notion for addressing this problem of awareness is by developing, publishing and commenting on a quarterly indicator report that highlights our comparative economic standing. Beyond approving awareness, our further idea is to use a more informed understanding to influence action and combat the negative trend.

Staff is working with the CLU Center for Economic Research and Forecasting to select the data points and to format the report.

To help provide project guidance on the selection and formatting of data, at our last Executive Committee meeting the Chair appointed several EDC-VC board members to an ad hoc committee. Members were selected for their knowledge and prior engagement with CLU’s work in economic forecasting and for providing a general perspective on how the data might best be presented to public and private sector audiences.

Ad hoc committee members are:
- Cheryl Heitmann, Council Member, City of Ventura
- Chris Meissner, Meissner Filtration Products
- John Procter, Council Member, City of Santa Paula
- Sim Tang-Paradis, City National Bank
- Tony Trembley, Council Member, City of Camarillo

We anticipate the ad hoc group will meet not more than two to three times, and complete its work within two months. We anticipate providing a draft of the indicator report format at upcoming meetings, ideally for adoption in July.
