

BOARD LEADERSHIP AND SERVICE

EDC HISTORY & VISION

A private nonprofit, the EDC was founded in 1996 with funding from the County of Ventura, the 10 cities in the county and key private-sector companies to provide a pathway to business growth, economic prosperity and high quality of life for all.

The EDC creates confident, connected and directed business owners, civic leaders, and community partners by providing tools to build pathways for economic development.

TOP 4 REASONS FOR SERVING AS A EDC BOARD MEMBER

- **Leadership:** The EDC Board of Directors is an elite and diverse group of leaders invited to the table for their vision, passion and ability to positively impact our region's economic vitality. Board positions are by invitation only.
- **Impact:** Board members participate peer-to-peer with visionary leaders, providing guidance and input to the organization that is the leading voice and resource for delivering outcome-driven economic development services in Ventura County.
- **Public/Private Collaboration:** Board members work side-by-side with elected officials and top-level public sector staff in a way that fosters ongoing relationships and communication, providing members with a strong network in the public and private sectors for advising policy and business and economic priorities.
- **Perspective:** Board members contribute invaluable insights into the region's business community and economic landscape and gain understanding on the assets and resources, regionally and statewide, contributing to our economic competitiveness.

TOP 4 THINGS YOU GAIN FROM ATTENDING EDC BOARD MEETINGS

- **Set Priorities, Drive Initiatives, Evaluate Outcomes:** Meetings concentrate on the strategies we deploy for growing the Ventura County economy and on the service outcomes for our return on investment.
